There are 14 chapters, the first an introduction to reflective language teaching and the last neatly tying together the threads in the preceding chapters. Chapters 2 through 13 are divided into two parts: six chapters

discussing themes for reflection, and the next six focusing on methods of reflection.

### **Reflective Language Teaching: From Research to Practice**

The first part of the paper identifies five orientations to reflective teaching in the training and development of second language teachers: reflective teaching as thoughtful practice, as a model of teacher preparation, as organized professional development, as classroom inquiry, and as a means to social justice.

### **Reflective Teaching in Second Language Teacher Education**

One way of doing this is through observing and reflecting on one's own teaching, and using observation and reflection as a way of bringing about change. This approach to teaching can be described as "Reflective Teaching", and in this paper I want to explore how a reflective view of teaching can be developed.
