reflexology take charge of pdf

Reflexology is basically a study of how one part of the human body relates to another part of the body. Reflexology practitioners rely on the reflexes map of the feet and hands to all the internal organs and other human body parts.

Revisiting reflexology: Concept, evidence, current

Reflexology is one of the most popular mainstream holistic therapies. Our comprehensive beginners course guides you carefully through each of the most essential treatment techniques and diagnostic skills so that you can deliver a very effective and satisfying treatment for your clients.
