

### **ripples on a cosmic pdf**

The cosmic microwave background (CMB, CMBR) is electromagnetic radiation as a remnant from an early stage of the universe in Big Bang cosmology. In older literature, the CMB is also variously known as cosmic microwave background radiation (CMBR) or "relic radiation". The CMB is a faint cosmic background radiation filling all space that is an important source of data on the early universe ...

### **Cosmic microwave background - Wikipedia**

In physical cosmology, cosmic inflation, cosmological inflation, or just inflation, is a theory of exponential expansion of space in the early universe. The inflationary epoch lasted from  $10^{-36}$  seconds after the conjectured Big Bang singularity to sometime between  $10^{-33}$  and  $10^{-32}$  seconds after the singularity. Following the inflationary period, the universe continues to expand, but at ...

### **Inflation (cosmology) - Wikipedia**

The speed of those ripples is determined the same way the speed of anything is determined in relativity: by their energy and their mass. Since gravitational waves are massless yet have a finite ...

Here's a hint. This first photograph of the mystery phenomenon is presented with the same angular resolution as the camera on the COBE satellite: Cosmic Background Explorer's Differential Microwave Radiometer (COBE-DMR). ("Angular Resolution" simply means how much detail is in an image. A camera with more megapixels has a greater angular resolution; more resolution = more information.)

Using two of the world's most powerful space telescopes -- NASA's Hubble and ESA's Gaia -- astronomers have made the most precise measurements to date of the universe's expansion rate.

### **Hubble and Gaia team up to fuel cosmic conundrum - phys.org**

By pushing the NASA/ESA Hubble Space Telescope to its limits astronomers have shattered the cosmic distance record by measuring the distance to the most remote galaxy ever seen in the Universe.

Turtle Poetry . Over the years, Chelonian Research Foundation has been collecting and publishing Turtle Poetry. We started this in 1996 as a regular feature in our scientific journal, Chelonian Conservation and Biology, and have also published some turtle poetry in Chelonian Research Monographs. Inspired by early input and suggestions from Carol Conroy and J. Nichols, the feature has become a ...
