The decline of newspapers has been widely debated, as the industry has faced slumping ad sales, the loss of much classified advertising and precipitous drops in circulation. In recent years the number of newspapers slated for closure, bankruptcy or severe cutbacks has risen, especially in the United States, where the industry has shed a fifth of its journalists since 2001.

My interest in Medieval science was substantially sparked by one book. Way back in 1991, when I was an impoverished and often starving post-graduate student at the University of Tasmania, I found a copy of Robert T.
